

01B5SE Electro Hydraulic Lifting Crane

Mod. **01B5SE** is a heavy-duty, extremely versatile counterbalanced workshop crane (built-in ballast weights), with a **360°** pivoting arm, suitable for lifting loads up to **500 kg**.

Fitted with traction battery and battery charger.

Equipped with a 4-function hydraulic distributor that allows for adjustable and smooth jib lifting, lowering, extension and retraction. In case of fragile loads or awkward placements, lowering speed can be reduced through a knob.

Lifting system is fitted with a security valve that prevents overloading and eliminates the risk of machine overturning in every position of its 360° rotation.

Optional jib extension increased the crane max reach to **1330 mm** (at 160 kg capacity).

Equipped with a 4-function hydraulic distributor:

- jib lifting,
- jib lowering,
- jib extension,
- jib retraction.

Technical data 01B5SE		
Weight	[kg]	660
Max capacity	[kg]	500
Max pressure	[BAR]	150
Power	[W]	300
Tank capacity	[L]	2

Cylinder		
Stroke	Ø	Ø Stem
[mm]	[mm]	[mm]
470	60	40

Outreach with standard jib		
Position	Length	Capacity
	[mm]	[kg]
-	485 ~ 885	500 ~ 320

Outreach with extension jib (optional)		
Position	Length	Capacity
	[mm]	[kg]
-	930 ~ 1330	220 ~ 160

Battery (1x Traction type)	[V]	12
	[A]	80

Battery charger	[V]	220
	[A]	12

High frequency battery charger, switching technology with noise filter complies with EMC regulations.
